

Astrology Art Wall Hanging

Use the zodiac name and descriptions below to make your own constellation art.

Do not remove the spaces between the zodiac name and their characteristics; they are spaced exactly the distance needed to fill the cutouts in the mat board when cut on the Cricut or following the precise measurements given.

Constellations are on the last page. They are measured out to be 3" wide, but you can adjust them as desired.

If you prefer to change the descriptors, the fonts used for this project are: Cookies in size 50 and Cantarell in size 20.
